- (i) no event occurs prior to the settlement process being finalised on the Issue Date/Settlement Date which the Issuer (in its sole discretion) consider to be a force majeure event; or
- (ii) no event occurs which the Issuer (in its sole discretion) considers may prejudice the issue, the Issuer or the Notes,

(each a **Withdrawal Event**).

If the Issuer decides to terminate this transaction due to the occurrence of a Withdrawal Event, this transaction shall terminate and no party hereto shall have any claim against any other party as a result of such termination. In such event, the Notes, if listed, will immediately be de-listed.

72. Responsibility Statements The Issuer certifies that to the best of its knowledge and belief, there are no facts that have been omitted which would make any false or misleading and that all reasonable enquiries to ascertain such facts have been made, as well as that the Programme Memorandum contains all information required by law and the JSE Listings Requirements. The Issuer shall accept full responsibility for the accuracy of the information contained in the Programme Memorandum Applicable Pricing Supplements and the annual financial report, any amendments to the annual financial report or any supplements thereto from time to time, except as otherwise stated therein.

The Issuer confirms that the JSE takes no responsibility for the contents of the information contained in the Programme Memorandum as read together with this Applicable Pricing Supplement or the annual report (each as amended or restated from

time to time), makes no representation as to the accuracy or completeness of any of the foregoing documents and expressly disclaims any liability for any loss arising from or in reliance upon the whole or any part of the Programme Memorandum as read together with this Applicable Pricing Supplement or the annual report (each as amended from time to time).

### 73. Other provisions

#### 73.1 South African Exchange Control

Any holder of these Notes which is subject to the exchange control regulations of the South African Reserve Bank (“SARB”) hereby warrants and confirms that it has obtained any necessary approvals from the SARB to hold these Notes and acknowledges and agrees that it is solely responsible for maintaining any such approvals, satisfying any conditions imposed in terms of such approvals and for fulfilling any relevant reporting requirements.

#### 73.2 Optional Early Redemption Trigger

If at any time on any day prior to the redemption of these Notes, the Calculation Agent determines that the Unwind Value of the Notes would be less than 35% (the “**Trigger Level**”) of the Nominal Amount thereof, (which, for the avoidance of doubt, is an amount equal to ZAR12,250,000 multiplied by a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount) the Issuer may elect, in its sole and absolute discretion, regardless of whether or not such Unwind Value is still below the Trigger Level at the relevant time or on the date on which the Notes are to be redeemed, to redeem the Notes early in accordance with the provisions of Condition 7.3 (read with paragraph 51 above) by delivering the Optional Redemption Notice.

#### 73.3 Additional Risk Factors

Any Unwind Value, Early Redemption Amount or Cash Settlement Amount may be calculated by reference to Obligations of the Reference Entity or instruments referencing Obligations of the Reference Entity with a principal or notional amount equal to the Reference Currency Notional Amount (as defined in 73.4.5 below). For the purposes of determining any Unwind Value, Early Redemption Amount or the Cash Settlement Amount, any amount denominated in the Reference Currency will be converted into the Settlement Currency at the then prevailing

exchange rate between such currencies, as determined solely by the Calculation Agent.

As such, Noteholders may be exposed not only to credit risk of the Reference Entity and the Issuer, but also to the performance of the Reference Currency relative to the Settlement Currency, which cannot be predicted. Investors should be aware that foreign exchange rates are, and have been, highly volatile and determined by supply and demand for currencies in the international foreign exchange markets, which are subject to economic factors, including inflation rates in the countries concerned, interest rate differences between the respective countries, economic forecasts, international political factors, currency convertibility and safety of making financial investments in the currency concerned, speculation and measures taken by governments and central banks (e.g., imposition of regulatory controls or taxes, issuance of a new currency to replace an existing currency, alteration of the exchange rate or exchange characteristics by devaluation or revaluation of a currency or imposition of exchange controls with respect to the exchange or transfer of a specified currency that would affect exchange rates and the availability of a specified currency).

The Optional Early Redemption Trigger references the Unwind Value, which may, in certain market conditions, be volatile. It may therefore occur that at the time that the Optional Early Redemption Trigger is exercised market conditions have changed, or market conditions change shortly thereafter, such that the Unwind Value would no longer have been below the Trigger Level.

The Trigger Level of these Notes has been inserted for the benefit of the Issuer and accordingly is not intended to be an implied guarantee or assurance of a minimum return on the Notes, nor is the Issuer under any obligation to exercise its right to redeem the Notes early in the event that the Trigger Level is breached. Accordingly, any Early Redemption Amount or Cash Settlement Amount payable in respect of the Notes may be less than 35% of the Nominal Amount. The determination of whether or not the Trigger Level has been breached is based on the Calculation Agent's estimates of the

Unwind Value, and accordingly the Early Redemption Amount payable to Noteholders following delivery of the Optional Redemption Notice or any Cash Settlement Amount payable following the occurrence of an Event Determination Date may differ from such estimates. In addition, due to the volatility of the Underlying Components, the Unwind Value may fluctuate between the time at which the Trigger Level is first breached and the date on which the Notes are to be redeemed in terms of Condition 7.3, if applicable, which may result in an Early Redemption Amount lower than 35% of the Nominal Amount of the Notes.

#### 73.4 Additional Definitions:

##### 73.4.1 Unwind Value

Means on any day, in respect of each Note, an amount calculated by the Calculation Agent in its sole discretion equal to:

- (A) the sum of the Settlement Currency Equivalents of the value of each of the Underlying Components of the Notes (as defined below) on such day, determined by the Calculation Agent in its sole discretion, acting in a commercially reasonable manner, which may be either positive or negative minus any Trigger Unwind Costs (as defined below),

multiplied by

- (B) a fraction equal to the Specified Denomination of such Note divided by the Calculation Amount.

##### 73.4.2 Underlying Components

It is recorded that this Note is made up of underlying components, being a combination of the following instruments (amongst others) held or entered into by the Issuer in its sole discretion in order to hedge its obligations to the Noteholder under these Notes:

- (i) a credit default swap entered into by the Issuer as the seller of protection, referencing the Reference Entity, with a Fixed Rate Payer Calculation Amount and Floating Rate Payer Calculation Amount equal to the Reference Currency Notional Amount;
- (ii) an internal funding arrangement entered into by the Issuer, which funding

arrangement will be denominated in United States Dollars (“USD”); and

- (iii) a cross-currency interest rate swap contract entered into by the Issuer internally in terms of which one of the parties thereto agrees to pay a series of USD denominated payments to the other party in exchange for a series of ZAR denominated payments.

Unless otherwise indicated, capitalised terms used and not otherwise defined in subparagraph (i) of this paragraph 73.4.2 will have the meaning as defined in the 2014 ISDA Credit Derivatives Definitions as published by the International Swaps and Derivatives Association, Inc.

73.4.3	Trigger Unwind Costs	Means an amount determined by the Calculation Agent equal to the sum of (without duplication) all costs, expenses (including loss of funding), tax and duties incurred by the Issuer or gains, including funding benefits, actually realised by the Issuer, in which case expressed as a negative number, in connection with the redemption of the Notes and the related unwind, termination, settlement, amendment or reestablishment of any hedge or related trading position (which for the avoidance of doubt may include, but shall not be limited to, instruments of the type referred to in paragraph 25 above), provided that on any day on which the Unwind Value is required to be determined where the Notes are not being redeemed on such day, the Trigger Unwind Costs will be determined based on the Calculation Agent’s estimate of what such costs, expenses, taxes, duties or gains would be if the Notes were to be redeemed on such day and assuming that the relevant hedges or related trading positions would be unwound, terminated, settled, amended or re-established, as the case may be.
73.4.4	Reference Currency	USD
73.4.5	Reference Currency Notional Amount	Means USD2,570,000
73.4.6	Settlement Equivalent Currency	Means, in respect of any amount denominated in the Settlement Currency, such Settlement Currency amount and in respect of any amount denominated in a currency other than the Settlement Currency (the “ <b>Other Currency</b> ”), the amount of the Other Currency converted

into the Settlement Currency at the spot rate of exchange (as determined by the Calculation Agent in its sole discretion) as at the date on which the Settlement Currency Equivalent is required to be determined, or in such other commercially reasonable manner as the Calculation Agent shall determine.

Application is hereby made to list this issue of Notes on the JSE as from 02 October 2015.
